

PSU STAFF MEETING

SUNDAY 3RD FEBRUARY 2008, 8PM GMT

FINAL MINUTES

1. Get server sorted. In the mean time, an article should be written apologising, and reassuring the readers that the problems are being ironed out and that new features are coming soon.
2. Pay increases proposed: \$1.50 for edits, \$5 for large edits, \$15 for previews, \$15 or perhaps \$20 for features. Justin proposed a full-time pay increase also.
 - a. \$50 should be paid to someone who does a review for a game within a week of its release (but had to buy the game himself)
3. A pay decrease for PSN reviews – perhaps \$15
4. Staff should be removed:

Kungfuruss – video review guy, hasn't really done anything for us as yet

5. Revamp review ratings asap: <http://staff.psu.com/viewtopic.php?t=6657>
6. Site bugs. A massive list of them is here: <http://staff.psu.com/viewtopic.php?t=6971>. Of particular importance is the Themes bug.
7. Admin CP bug – fix the earnings page (it doesn't add everything up)
8. Add a staff page
9. We need a database/cheats person that only does this (and doesn't get distracted by writing articles) – perhaps Blaze (Ted Thomas). Pay should be a fixed amount (e.g. \$100 to \$200)
10. Kieran has all but disappeared from PSU, and Seb pops his head once in a while. We need greater input, support and updates from Seb. Staff feel Seb has abandoned PSU for g4mer. Communication with Seb isn't very easy. Staff feel alienated with the lack of a proper admin to support us.
11. What's the future of PSU? Some of the staff believe PSU will be sold off in the near future...is this true? We realise we're paid to run PSU effectively, but we lack motivation if all of our futures in PSU are in doubt.
12. Eric never got paid for his Rainbow 6 Vegas review
13. Justin was not paid about \$650 due to funding back in September. Things have improved financially, so can this be resolved? Also, what is the situation surrounding his stock in the company? The staff feel Justin contributes hugely to the running and success of PSU, but he doesn't get much (any?) recognition for this.
14. Staff should ensure they look at articles that have already been posted so they don't write the same thing again
15. Staff should remember that titles should be changed from the source's title.

16. Video reviews are on hold until we get our normal reviews standardised. The Video Review bar should be removed from "Reviews" as there's currently nothing under it
